## Extraordinary candy dishes ▼

A special gold lustre edition of the classic Candy Dish designed by Austrian architect and designer, Oswald Haerdtl (1899 -1959). Oswald Haerdtl designs are a great challenge for the connoisseur as well as for the craftsman. These candy dishes charm by their lightness and their encouragement for elegant handling. They were first made for the presentation at the “Exposition des Arts Décoratifs” at Paris in 1925. [lobmeyr.at](http://lobmeyr.at), base price HKD2,100
