

Tom Chapman's Favorite Things

Tom Chapman, O.B.E., knows a thing or two about the art of commerce. In 1987, he and his wife, Ruth, founded Matches Fashion in Wimbledon, growing it from a handful of independent stores to a booming global e-commerce business, which they sold in 2017. In 2022, Chapman co-founded Abask, a site devoted to luxury homeware and design. Here, he shares gifts to give and get, including a [Lobmeyr crystal tumbler](#), a handy [Carl Auböck bottle opener](#), and a [Wooden Palate salt cellar](#)

"I love a table filled with glasses of all shapes and sizes like these Lobmeyr tumblers. The conversation always flows when the drinks are too."
